ZEROVAEGA TECHNOLOGIES

INDIA'S EDUCATION IS GOING DIGITAL.

The Future of School Assessments Starts Here.

Transform examinations into an intelligent, automated and outcome-driven process with Zerovaega's School Assessment Software.

Designed for CBSE, ICSE, State Boards and Private Educational Institutions.

THE MARKET OPPORTUNITY

265M+	1.5M+	Growing EdTech Adoption	CBSE & NEP	Multi-Billion ₹ Opportunity
Students enrolled across Indian schools	Schools requiring structured assessment systems	across K-12 education	Focus on competency-based assessments	in digital education

WHY SCHOOLS ARE CHANGING

- Digital-first academic operations
- NEP & Outcome-Based Education
- Faster Examination Management
- Standardized Assessments
- Better Parent Communication
- Data-driven Academic Decisions

CHALLENGES WITH TRADITIONAL EXAMINATION SYSTEMS

- Manual Question Paper Creation
- Inconsistent Paper Difficulty
- Time-Consuming Evaluation
- Multiple Excel Sheets & Registers
- No Learning Outcome Analytics
- Limited Parent Visibility

THE OPPORTUNITY

Modernize your institution with an intelligent assessment platform that automates examinations, standardizes academic quality and delivers meaningful learning insights.

LAUNCH SMARTER.

Transform Assessments. Improve Learning Outcomes.

Zerovaega empowers schools with intelligent examination automation, analytics and parent engagement on one secure platform.

01

SCHOOL ASSESSMENT SOFTWARE

Intelligent Examination & Academic Analytics Platform

HOW OUR PLATFORM EMPOWERS SCHOOLS

Intelligent Question Bank

Centralized repository organized by subject, chapter, grade, marks and Bloom's level.

Blueprint-Based Paper Generation

Automatically generates balanced and curriculum-compliant question papers.

Assessment & Grading

Structured grading with automated question-paper analysis.

Academic Performance Analytics

Track student growth across exams, terms and academic years.

Parent Portal

Secure access to report cards and performance analytics.

ERP Integration

Works with existing School ERP & CRM without replacing existing systems.

HOW EASY IS IT TO START?

1	2	3	4	5
Requirement Analysis	Platform Configuration	Data Migration	User Training	Go Live
Understand examination workflow	Subjects, Grades, Assessment Rules	Student & Academic Data Sync	Teachers & Administrators	Conduct assessments digitally

BUILT FOR MODERN EDUCATION

- Laravel Enterprise Architecture
- Role-Based Security
- REST API Integration
- CBSE Report Generation
- Bloom's Taxonomy Analytics
- Multi-Campus Ready

BUSINESS IMPACT

- 80% Faster Examination Preparation
- Standardized Assessment Quality
- Reduced Administrative Work
- Improved Academic Transparency
- Better Parent Engagement
- Outcome-Based Learning Analytics
